

December 2007

**Subject: CPT Code Changes for 2008**

Dear Valued Client:

The American Medical Association (AMA) has made CPT code changes in the 2008 edition of the AMA Current Procedural Terminology (CPT) coding manual.

Diagnostic Laboratory of Oklahoma (DLO) will be implementing these changes effective January 1, 2008. Overall, the changes for 2008 affect the way we bill some of our tests. The chart attached lists the tests affected and the appropriate CPT code changes.

Please do not hesitate to call your DLO Sales Representative with any questions or concerns you may have regarding CPT code changes. Thank you very much for using DLO for your laboratory testing needs.

Very truly yours,

A handwritten signature in black ink, appearing to read 'William E. Mueller', written in a cursive style.

Managing Director

**AMA Changes in CPT Coding for 2008  
Effective January 1, 2008**
